

COLLEGE APPLICATION DEADLINE – OCTOBER 31

Reminder – the college application deadline is Wednesday, October 31. Please submit all materials listed below:

All transcript requests forms for each institution to which you will apply.

Any and all teacher recommendation requests – please remember to download any college specific teacher recommendation forms.

All college applications should be completed by October 31 and submitted to colleges/universities. It is important that your application is received close to the same time frame as the HSPS packets. Please remember to submit a copy of each completed college application to the HSPS college counseling office. Any student submitting college counseling requests after October 31 must understand that all documentation received prior to or on October 31 is processed and mailed first. Therefore, we can not guarantee that college application documentation requested after October 31 is submitted before any upcoming deadline dates.

Financial Aid:

As seniors complete applications to institutions, please go to each institution's financial aid website to insure that you are completing any additional paperwork for financial aid. Most private, selective colleges require the CSS Profile. You can find the Profile and a list of the participating institutions at www.collegeboard.com. The FAFSA will be available in the counseling office in December and can not be submitted until after January 1.

Scholarships:

Please check PrepHQ for current scholarship opportunities!
